Re: Reconsideration of Decision to Deny Petition to Revive
U.S. Patent Application No. 09/703,846

Dear Mr. Krynski:

Thank you for returning my telephone call today regarding the above-referenced patent application. As I explained, the Office letter mailed March 26, 2003, and referenced in the Decision on Petition mailed January 30, 2004, was never received by our office. As evidence of this, I attach herewith a copy of the Patent Office PAIR report (Exhibit A), which makes no mention of the March 26, 2003 Office letter. I also attach copies of two versions of a report of our office docketing system, into which all incoming correspondence from the Patent Office is logged. The first version is dedicated exclusively to the above-referenced application (Exhibit B). The second, global version, lists firm-wide due dates (Exhibit C) and was run for the dates of May 23, 2003 through May 28, 2003, which would have included the May 26, 2003 expiry date of the two-month reply period to the March 26, 2003 Office letter. Neither of these reports makes any mention of the March 26, 2003 Office letter, or of the required response thereto.

The existence of the Office letter of March 26, 2003, is further called into question by the failure of the Notice of Abandonment dated July 9, 2004, to make any reference thereto. According to the Decision on Petition mailed January 30, 2004, the Notice of Abandonment "should have stated that the 'application is abandoned in view of Applicant's failure to timely file a proper response to the Office letter mailed March 26, 2003,' " but mistakenly had the wrong box checked instead.

From the above it can be seen that even if the Office letter in question were mailed—a fact which is disputable due to its absence from the PAIR report, and also due to the failure of the Notice of Abandonment to make any mention thereof—our office did not receive said letter. Accordingly, Applicant was never notified of the formal drawings requirement—neither before nor after payment of the issue fee—until it was too late, and the application was abandoned. Applicant then made a bona fide attempt to revive the application by filing the Petition Under 37 C.F.R. §1.181, and submitting with said petition the required formal drawings. Reconsideration of the Petition is respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Khaled Shami", written over a horizontal line.

Khaled Shami, Reg. No. 38,745
